The Art and Science of Collaboration: **Building Your Toolkit**

Megan Lamkin, PhD

Jack Kues, PhD

Developed by the Center for Improvement Science (CIS)

Our Team

Jack Kues, PhD
Associate Dean,
Continuous
Professional
Development

Megan Lamkin,
PhD
Assistant Professor,
Undergraduate
Research

Jason Blackard,
PhD
Professor, Internal
Medicine

Angela Mendell,
MS
Program Manager,
Center for
Improvement Science

Laura Hildreth, MS
Program Director,
Center for
Improvement Science

Stephanie
Schuckman, MA
Program Manager,
Center for
Improvement Science

Rebecca Lee, PhD,
RN
Associate Professor,
College of Nursing

Jackie Knapke, PhD
Associate Director,
Continuous
Professional
Development

Jennifer Molano,
MD
Associate
Professor, Neurology
and Rehab Medicine

Megan Johnstone,
PhD
Postdoctoral Fellow,
CCHMC

Elizabeth Kopras,
Sr. Research
Associate, Internal
Medicine

Soni Regan, PhD
Assistant Professor,
Family Medicine

BY THE END OF THIS SESSION

*you will be
able to...*

- Reflect on whether collaboration is appropriate for your project
- Identify several collaboration best practices
- Determine training needs

Which best describes your most recent collaboration:

1. We're lucky nobody got hurt.
2. Inefficient and draining, but we made it.
3. Productive, but socially/intellectually draining.
4. Socially/intellectually satisfying, but not very productive
5. Socially/intellectually satisfying & productive.

What are important things to consider before initiating or accepting an offer to collaborate?

Framing the **WHY**

Goals

Ability

Time

Enjoyment

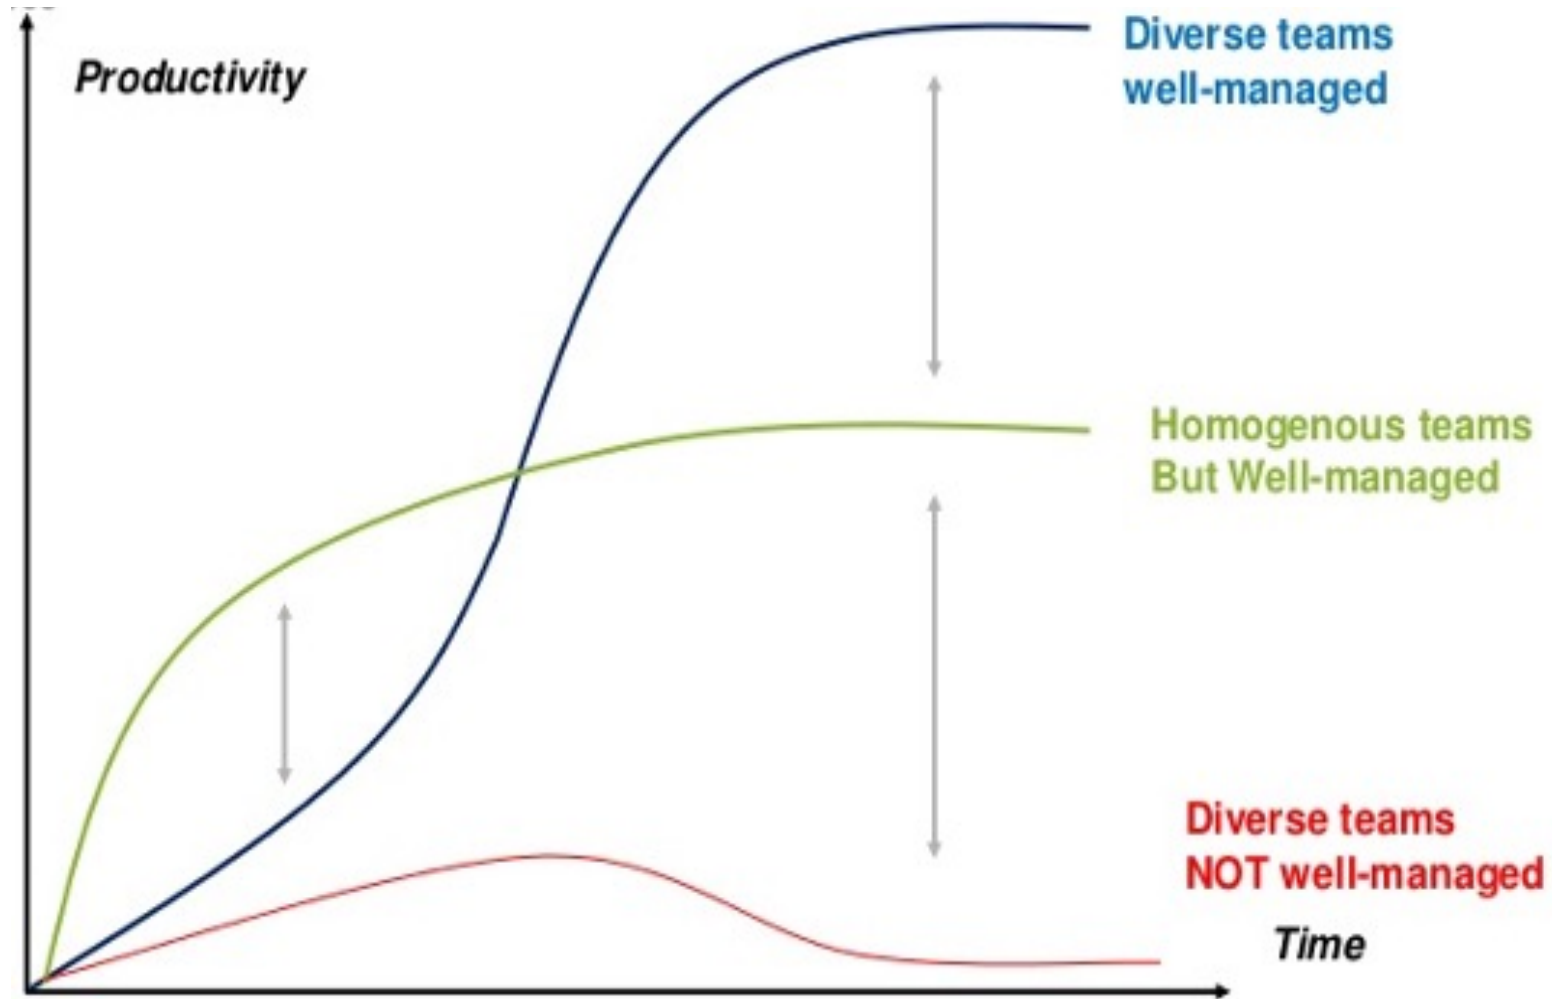

DECIDING THE WHO

What else to consider?

- Content Expertise
- Project Management
- Finance
- Regulatory
- Technology
- Writing/Editing

Optimizing Disciplinary Diversity

Jack

HOW TO BUILD & SUSTAIN YOUR TEAM

- ✓ Understanding Key Team Roles
- ✓ Balancing the Functions of a Team
- ✓ Building Collaborative Processes
- ✓ Recognizing how Teams Form and Develop

Poll

In your experience, what is the most common reason teams fail:

1. Poor leadership
2. One or more disruptive personalities
3. Unclear vision or goals
4. General lack of enthusiasm
5. Lack of resources

Leadership and Management

Role of Leader

Copes with Change

Aligns people

Motivates and Inspires

Focuses on people

Asks why

Plans long term

Role of Manager

Copes with Complexity

Organizes people

Administrates and Controls

Focuses on systems and structures

Asks what

Plans short term

Functions of a Team

Task Functions

- Initiating
- Information seeking
- Information giving
- Opinion seeking
- Clarifying
- Elaborating
- Coordinating
- Developing procedures
- Summarizing

Maintenance (*Team*) Functions

- Encouraging
- Expressing feelings
- Having fun
- Compromising
- Facilitating communication
- Interpreting
- Listening
- Following
- Declaring success

Building Collaborative Process

Visioning Meeting

Team Assessment

Team Charter

Regular Check-Ins

- ✓ What kinds of things generally cause you to really enjoy working on a team?
- ✓ What kinds of things generally cause you to not like working on a team?

**Visioning
Meeting
TOOLS**

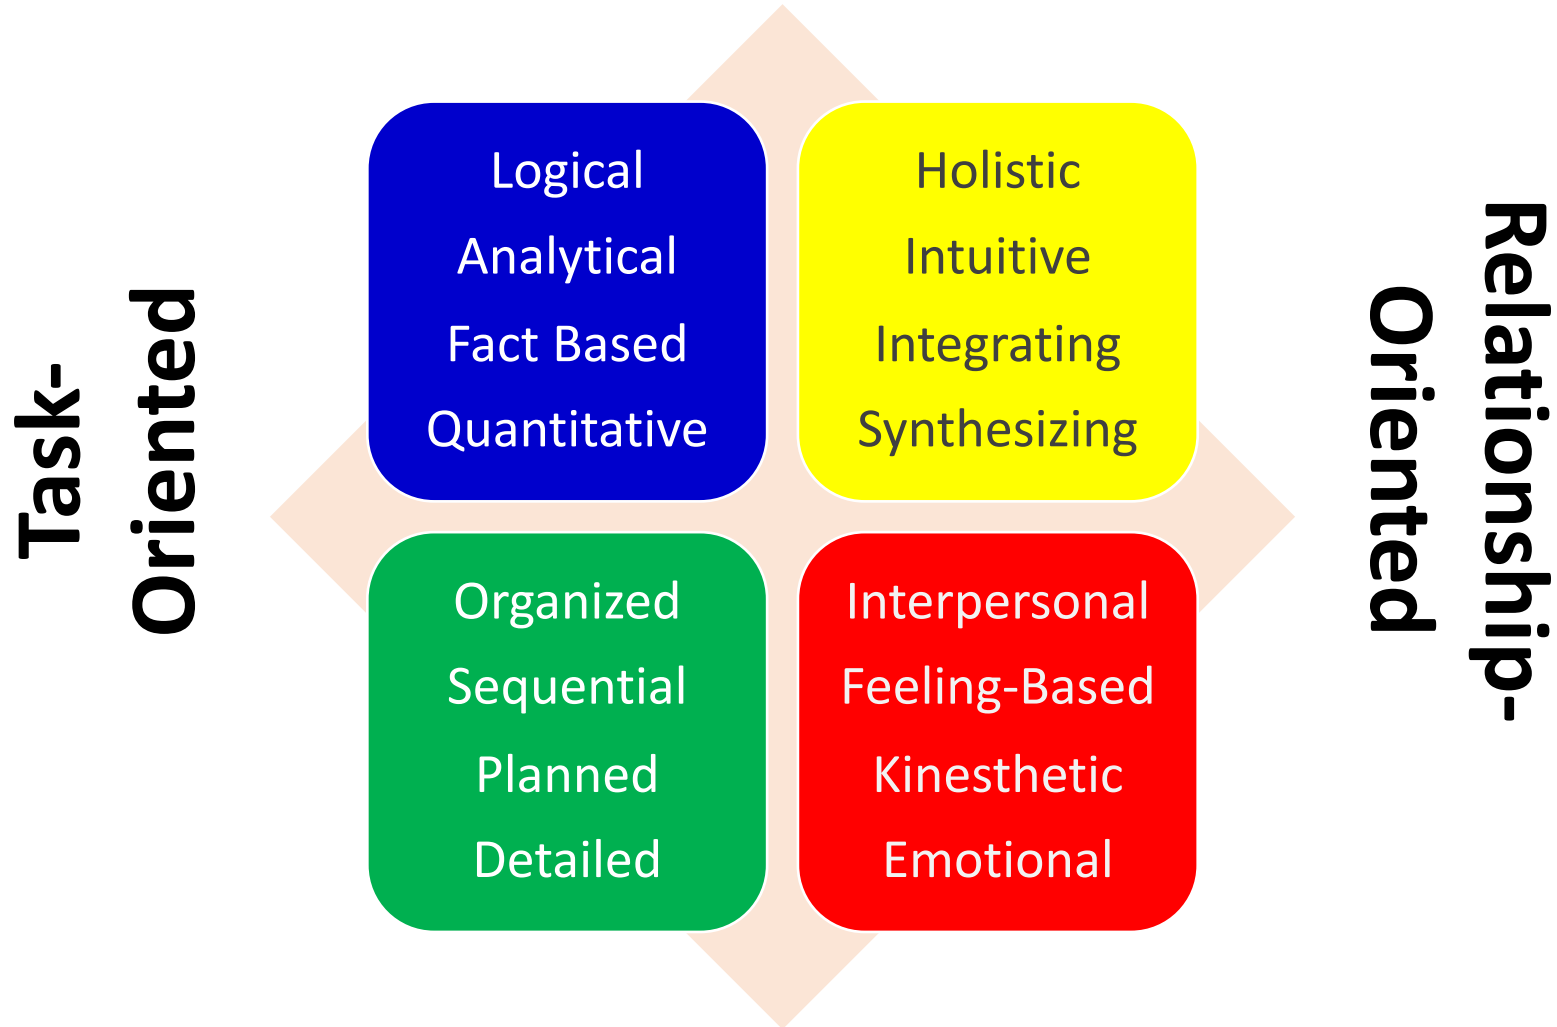

- ✓ Share Ideas
- ✓ Share Ideas
- ✓ Agree on Goals

**Team
Assessment**
TOOLS

- ✓ Team Readiness assessment
- ✓ Roles and responsibilities
- ✓ Communication Styles assessment

Appreciate Diverse Communication Styles

Team Charter TOOLS

Regular Check-Ins

TOOLS

Team Process Checking and Productivity

- ✓ Collaboration software
- ✓ Tuckman's Model

Team Maintenance

- ✓ 5 Dysfunctions Framework
- ✓ Conflict Mitigation Framework
- ✓ CliftonStrengths Assessment

Team Function and Dysfunction

Tuckman's Team & Group Development Model

Team Function and Dysfunction

BY NOW,
you should be
able to...

- Reflect on whether collaboration is appropriate for your project
- Identify several collaboration best practices
- Determine training needs

Thank you!

Fall 2020 Team Science Series

- **Communication: The Cornerstone of Successful Teams – Sept 17 (2-3 pm)**
Explore different communication styles and how they interact.
- **Team Foundations: Building with Trust – Oct 22 (2-3 pm)**
Examine how building a foundation of trust creates an environment in which conflict can become a force for positive change, and how a leader contributes to building an effective team.
- **Leveraging Team Differences to Tackle Complex Problems – Nov 5 (2-3 pm)**
Discover the principles of building functional teams.
